WORLEY
PROPRIETOR.

WILL BE NON-UNION.

Threats Made to Start Them With Non-Union Men As in the Past.

TROUBLE EXPECTED.

President Shaffer Still Hopeful—Money Pledged by The Federation of Labor to Help the Strikers Win the Fight Now On.

Pittsburg, July 17.—The threat of District Manager Persifer F. Smith, of the American Sheet Steel company to start the Wellsville Rolling mill and operate it as in the past by non-union men was only a new feature in the strike situation and all eyes interested were turned to that plant. Up to 10 o'clock, however, nothing had been heard from Wellsville by those in authority at headquarters of the Amalgamated association in this city. They refused to believe the Wellsville mill had started up and said they had every reason to believe the plant had shut down and would remain so in spite of the efforts of Smith. He gave orders for the mill to start, and in response to the order about 30 men went out to work, two of them members of the Amalgamated association. The manager of the mill concluded that 30 men was not sufficient to man the crews and the attempt for the present has been abandoned. It is said that non-union men from other places would be brought to Wellsville, in which case serious trouble is feared.

Now that Smith has declared himself it is thought the managers of other non-union plants will make an effort to resume also within a few days and developments of an exciting nature can be expected.

President Shaffer is still hopeful of an early settlement of the strike. The information received from strike centers is quite meagre. This he interpreted to mean the strike was going on well. Nothing further has been done in reference to the issuance of a strike call to the Amalgamated men in the mills of the United States Steel corporation, outside of the three companies, against which the fight is now directed, is still an uncertain quantity. President Shaffer, said he would issue an order only when it becomes necessary. It is evidently the purpose of the association to confine the fight for the present to the three companies now involved.

National Organizer Thomas H. Flynn of the American Federation of Labor, came to Pittsburg from Washington, and after a consultation with the officials of the Amalgamated association pledged the support of the Federation in the strike. In an interview Flynn said the Federation had a membership of 3,000,000 and could make an assessment when any of the organizations affiliated with it were in need of assistance. He said he had just settled a strike of 4000 tube and iron workers at Reading and these men announced they would contribute \$1 a week each. All members could not afford this, but an assessment of five cents each would yield \$100,000 and would not be missed by the members.

COST OF THE STRIKE.

It Amounts to Thousands of Dollars to the Three Companies Involved.

Pittsburg, July 17.—According to figures compiled by the Pittsburg Dispatch, the steel strike is daily costing the three companies involved \$210,000 and workmen \$156,000. It is estimated that in the daily loss of nearly 23,000 boxes of tin plate a day, the American Tin Plate company daily losing over \$90,000, while the loss to canning companies unable to secure their material is enormous in addition. The loss to gas stove manufacturers is also great as the mills closed, which make a specialty of stove iron. This is a heavy season for making stoves. About 2000 or 2500 tons of steel hoops, bands and cotton ties being lost daily by the American Steel Hoop company, by the season strike and this represents a daily loss of \$70,000. In addition to all of these losses many and varied industries are crippled now and in prospect represent losses to men of large sums that cannot be computed now. The amalgamated men are said to have fund of over \$200,000 with which keep the strike going and many amalgamated men employed in the various mills still operating will go a great way toward keeping the sinews of war in good condition.

Cessation of Mining Operations.
Scranton, Pa., July 17.—There was almost a complete cessation of mining operations here in the Lackawanna valley because of strike of stationary firemen.

Refuse Non-Union Steel.
Elwood, Ind., July 17.—The Tin Plate Workers' Protective association will refuse to work plates in any of the steel trust mills made or sheared by non-union

FALSE REPORT.

There Was No Collision at Wybark, Ark., As Reported From Parsons, Kas.

St. Louis, July 16.—A statement if furnished to the Associated Press by the office of the general manager of the Missouri, Kansas and Texas in this city that a dispatch published under date of Parsons, Kas., giving an account of a railroad collision on a bridge crossing the Arkansas river near Wybark, Ark., and stating that five men were killed and three seriously injured, and that the trains and bridge were destroyed by fire most grossly exaggerated the affair. The Missouri, Kansas and Texas officials allege and they show official reports to prove that the accident was simply a collision between a local freight and a repair train on a bridge, as stated, that an engine and seven cars were derailed, one span of the bridge was badly damaged and that Engineer Morris and an unknown colored tramp were slightly injured.

HEAVY REGISTRATION.

The Rush Continues and More Men Will Have to Be Put on the Force.

Washington, July 17.—The telegraph report from Assistant Commissioner Richards of the general land office as the progress of the Oklahoma registration, says:
"Registered at El Reno today, 10,976. If the rush continues it will compel us to put on more men. Everything working smoothly here. The commanding officer, Major Scott, and all the officers are co-operating most heartily with our men and are contributing materially to the perfect order which prevails here."
"Lawton registered 2370 Monday. Total there and here to Monday night 43,184."
Secretary Hitchcock has sent Assistant Commissioner Richards a telegram of thanks for the prompt and efficient work of himself and staff since the registration began.

Three Men Killed.

Atoka, I. T., July 17.—Near Wapawucka, I. T., an explosion occurred in which three men lost their lives and four others were badly wounded. They were working on the Choctaw, Oklahoma and Gulf railroad extension when a charge of dynamite was prematurely exploded. Two of the wounded men were brought here.

Negroes Hang a Negro.

Montgomery, Ala., July 17.—A mob of negroes at Cortland hanged Alex Herman, a negro, who was charged with killing Sallie Swoope. When the officers took Herman to the train to be taken to Tusculum the negroes held the train, took the prisoner off and hanged him, afterwards riddling his body with bullets. Herman made a confession.

Schwab Has a Conference.

New York, July 17.—President C. M. Schwab of the United States Steel company and other officials of the company nowhere declined to publicly discuss the strike situation. Schwab has been in conference with J. P. Morgan and others, but no hint of their attitude or conclusions has been given to the public.

Corbin and Sternberg Arrives.

Manila, July 17.—The United States army transport Hancock has arrived here with Adjutant General H. C. Corbin and Surgeon General George M. Sternberg on board. The Hancock made the record trip from San Francisco in 21 days.

Mosby's New Office.

Washington, July 17.—Colonel John S. Mosby, a Confederate leader during the civil war, has been appointed a special agent of the general land office. He claims his present residence in California. He has been assigned to duty in Nebraska.

All Three Hanged.

Helena, Mont., July 17.—A posse organized at Big Sandy to capture three alleged horse thieves, "Buckling Bill," Fred Commo and Pete Walter, has received word that the three were hanged by another posse Saturday on the Missouri river near Judith.

Severe Hail Storm.

Muskogee, I. T., July 17.—A severe hail storm three miles north of Muskogee Monday night killed some stock and completely destroyed crops for a considerable distance over a stretch a mile wide. Heavy rains fell over the Creek and Cherokee Nations, generally saving crops.

Mines Tied Up.

Wilkesbarre, Pa., June 17.—The strike of stationary firemen inaugurated here has tied up nearly all the mines in the

Wyoming valley end conservative estimates places the number of men idle at 43,000.

To Sink Five Wells.

St. Jo, Tex., July 17.—C. H. Watt, representing West Virginia capitalists, has closed a contract to sink five oil wells in the St. Jo oil district. The same company will also develop the asphalt deposits here.

Rain in Missouri.

Kansas City, July 17.—Rain fell over an area of 89 miles around Kansas City and reports from different parts of the southwest indicate thunderstorms and lower temperature during the day.

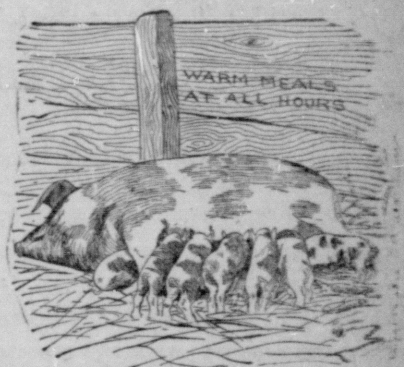

Rain in Nebraska.

Omaha, July 17.—Eastern Nebraska and Western Iowa received an inch or more of rain which began falling at 2 o'clock.

Packing Plant Destroyed.

Wichita, Kas., July 17.—The packing plant of Jacob Dodd & Sons was totally destroyed by fire here. Loss \$100,000.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

THURSDAY, JULY 18, 1901.

Navasota is improving the sidewalks on the business streets.

A famous Chicago dramatic critic has married a bell boy from Texas. Now we guess he'll come when she rings for him.

Towne, the tail of one of the numerous presidential tickets last year, predicts that the democrats will split in 1904. Not seriously, it is hoped and believed.

Next month there is to be a grand Confederate reunion in Madison county, and it would be a ten strike for a large delegation of Navasotans to attend. They could sing the praises of Navasota as a trading point and make people feel like they knew the old town, thus when fall commerce begins to flow, it would come this way.—Navasota Examiner.

Bryan has been attending these reunions and making "ten strikes" for years. She has also been building roads and bridges for the people to come here to do their trading. She has been treating them right after they got here, and they are pleased with the result—they come by the hundreds and prove it.

Competitive Examination.

The competitive examination for scholarship in the Sam Houston Normal, which will be held at the court house in Bryan on the 26th day of July, 1901, between the hours of 9 a. m. and 7 p. m., will include the following subjects: Spelling, Reading, Writing, Arithmetic, Geography, English Grammar, English Composition, U. S. History and Elementary Algebra as far as quadratic equations. Signed

A BURNING BRIDGE.

A Train Dashes Into One and Five Cars
Go Into the River.

Mena, Ark., July 17.—Monday night about 12 o'clock a freight train on the Kansas City Southern ran into a burning bridge about two miles south of Poteau. The tender of the engine and five cars went through the bridge, the engine proper making a dash across the burnt section and stopped a few feet further off the track and crossways of the bridge. The bridge is located around a sharp curve which prevented Engineer Rouser from seeing the burning bridge before he was right on it. The engineer, fireman and two brakemen jumped from the engine just as they approached the bridge and all received more or less injuries. Engineer Rouser's left leg was broken at the ankle in striking one of the stringers on the bridge. It is supposed the bridge caught fire from the woods which have been burning for several days.

KILLED BY A NEGRO.

Manager of a Plantation Shot Because
He Told the Negro to Go to Work.

Cleveland, Miss., July 17.—Lucius Reed, manager of the W. L. Fearman plantation, was shot and killed by Chas. Phillips, a negro, employed on the plantation. Reed met Phillips eating at a lunch stand during the morning and told him he should be at work. Words passed between the two men and Phillips shot Reed twice, one ball passing through the heart. Phillips escaped, and it is believed he is in hiding in the canebrakes near here. The citizens are highly wrought up over the killing and if the negro is captured it is believed that he will be lynched. Poses with bloodhounds are searching for the fugitive. Reed came here from North Carolina and stood well in the community.

Tobacco Package Killing.

Washington, July 17.—The internal revenue bureau of the treasury department has authorized manufacturers of tobacco to put their product in packages smaller than the 1-pound package, and has framed regulations for their stamping. The new regulations permit of packages of wood, paper or pasteboard, but requires that they shall be submitted for approval by the bureau before they are placed on the market.

Fan Hatched the Eggs.

Paris, Tex., July 17.—A grocery firm purchased a lot of supposed fresh eggs from a country peddler last Saturday morning. Saturday night they had five or six dozen left, which were put in a bucket and placed under an electric fan to keep them cool and prevent them from becoming addled. The fan ran all day Sunday and didn't stop a minute. Monday morning when the store was opened up two little chicks were chirping as lively as crickets in the bucket of eggs and another egg was pipped. Other eggs hatched during the day.

First Time in History.

Mineral Wells, Tex., July 17.—For the first time in the town's history a burglar has been in Mineral Wells. He was here and went through the house of Mrs. M. J. Burke, getting over \$400 worth of jewelry and about \$20 in cash. Mineral Wells is not accustomed to burglaries, and its citizens, in consequence, are much wrought up.

Convicted of Card Playing.

Corsicana, Tex., July 17.—Four boys, about 13 years of age, were arrested and tried on a charge of playing cards in the Collin street school building, the janitor of that institution making the complaint. The boys were found guilty and the fines and costs amounting to \$20.80 in each case, were paid by their parents.

Found Dead.

Dallas, July 17.—An unknown man about 25 years of age was found dead in his room, death having evidently resulted several hours previously. Deceased was said to be a Swede and is believed to have been in Dallas only a few months. Several addresses were found in his letters which indicated he had friends here.

Oil in Comal County.

Austin, Tex., July 17.—Word has reached here of the discovery of oil of good quality in a well that was being bored in Comal county. The oil was struck at a depth of about 400 feet, and the strike is said to have caused considerable stir in that locality.

An Interesting Relic.

Austin, July 17.—An old citizen of Texas, who desires that his name not be published, has donated to the state library a letter copying press of ancient make. It was brought to Texas in the 50s by the French minister to the Texas republic.

Vote at Kaufman.

Kaufman, Tex., July 17.—The correct vote in the congressional election here was as follows: North Kaufman—Wooten 73, Lindsay 9. South Kaufman—Wooten 165, Lindsay 7. Total—Wooten 237, Lindsay 16.

Riot Cases Postponed.

Greenville, Tex., July 17.—The riot cases against the six Farmersville men who are charged with assaulting Editor Dial were postponed until the September term of court.

Case Was Dismissed.

McKinney, Tex., July 17.—The county has dismissed the case Lum Hall charged with matricide.

Killed by Lightning.

Columbia, S. C., July 17.—Henry Davenport and Ezell Harvey two well known farmers living near Williamsport, S. C., were killed by lightning. Both leave large families.

THE FOURTH IN JAPAN.

Yokohama Was Turned Into An American City by the Japanese.

Yokohama, July 5, via Victoria, B.C., July 17.—The celebration of the Fourth of July Thursday transformed Yokohama into a veritable American town, and the scene at noon when the warships in the harbor joined in the salute in response to the shore festivities was the most inspiring one. The day closed with an exhibition of fireworks which recently arrived tourists pronounced finer than anything ever seen in America. Conjoined with this effervescence of patriotism the preparations for the great celebration of the fourteenth when the monument to commemorate Commodore Perry's landing is to be dedicated are proceeding upon a magnificent scale.

The emperor made a magnificent contribution from his private purse and the occasion will testify in many ways to the highest appreciation in which the Americans are held in Japan. The celebration is to be held under the auspices of the Japanese-American Friendly association of which Baron Kano is president. The number of invited guests is so great that one of the largest steamers of the Japanese Mail Steamship company has been chartered to take them to Kurihama, where the ceremonies are to take place. It will be accompanied by the entire squadron and the fleet of warships which have assembled for the purpose.

The honors to be paid on the expected arrival of General MacArthur from the Philippines will at least equal those recently accorded to Field Marshal von Waldersee and everything possible will be done to testify to the genuine respect and affection in which the empire holds the American republic.

The notable feature of the time is the influx of Filipinos who are now arriving in large and increasing numbers. They are mostly of the better class and seem to be coming for the educational advantages which Japan affords. Already they are winning high praise for their general behavior and their eagerness to learn.

Another sign of the times is movement on foot for the general teaching of Russian language in the empire. It is felt that events are rapidly shaping themselves to bring Russia into closer contact with all national and commercial relations here, it being recognized that the northern power is to be the most important factor in oriental politics and trade.

The growth of the Jiji Shimpō the leading journal of the metropolis well illustrates how thoroughly western, especially American ideas are dominating the country. The special editions of the papers on special occasions and holidays rival the leading journals of New York. The latest enterprise inaugurated by it is the adoption of the "fresh air fund" movement and numbers of children from the streets of the capital are now being sent into the country for outings of a week or more. The movement is attracting much attention and will doubtless be emulated by many other metropolitan journals.

Telephone Organization.

Fort Worth, Tex., July 17.—Representatives of 17 independent telephone companies and exchanges in Texas, Indian Territory and Oklahoma met here and formed a permanent organization. Ed Nims of Fort T. T. is president; O. C. Obetz of Corsicana, Tex., is secretary. The convention determined that all independent telephone exchanges and companies within the territory named were eligible to membership. The session was devoted to the discussion of the telephone situation in Texas, Oklahoma and Indian Territory and the extension to the stock ranch region.

Injunction Granted.

Austin, July 17.—Attorney General Bell, in behalf of the state, has filed suit in the district court here against the Pacific Express company for a permanent injunction restraining the company from doing business in Texas on the grounds of failure of the Pacific Express company to renew their permit for 1901, being a foreign corporation. The case is set for hearing July 21. A temporary injunction was granted by the court enjoining the company from doing business in Texas pending the hearing of the case.

Drouth Still Continues.

Dallas, July 17.—No change in the drouth situation. No rain in Texas on Tuesday night or Wednesday. Hot winds continue. Reports from northern part of Dallas county state that destructive insects are attacking the cotton fields there. Several counties west of the Brazos river along the line of the Texas & Pacific railway report that not more than a half crop of cotton will be made in that section.

Safe Robbed.

Fort Worth, Tex., July 17.—Robbers cracked the safe of the postoffice building, in Jack county, Tuesday night. Quite a sum of money and valuable papers were stolen. The robbers used dynamite and badly wrecked part of the building. The deputy United States marshal's office was notified of the facts given. No clue to perpetrators.

Dying from Lack of Water.

Gainesville, Tex., July 17.—Prominent cattlemen who were in Gainesville from the Indian Territory state that the cattle were dying from lack of water.

Showers in Nebraska.

Omaha, July 17.—Showers were reported Tuesday and Tuesday night in the South Platt district, breaking a protracted drouth in that section. Eight other counties in central Nebraska report a fairly good rainfall.

BENSON SCHOOL HOUSE.

Benson School House, July 16.—Health in this community is good at present.

T. J. Sawyer and J. D. Jones started for Huntsville Monday to purchase wagons and intend to come back by the saw mill and get some lumber.

A. P. Todd visited relatives at Rock Prairie Sunday.

Miss Mamie Todd returned Sunday from a weeks visit at Rock Prairie.

Mrs. Minnie Barron of Rock Prairie is visiting here this week. Walter and Dee Cargill and Luther Holligan attended the musical at the residence of Mr. Jim Mathis of Reliance Saturday night and report a pleasant time.

There was preaching here Sunday morning and singing in the evening.

The literary society will meet Saturday night July 20, with an interesting program consisting of reading, recitations, vocal and instrumental music and dialogues.

A good rain fell here Thursday which was a benefit to the cotton. Cotton and corn are both better here this year than last.

Sly Jim.

EDGE.

Edge, July 14.—Mrs. Eliza Elliott and daughter Dora are visiting relatives at Cottonwood.

Mrs. Sallie Murphy is visiting her daughter, Mrs. Rachel Carter.

Mr. and Mrs. Sam Seale spent part of last week with Mr. Leathers' family.

Misses Edge and Fayne were in our community yesterday en route to Kurten.

Mr. and Mrs. R. Nash, Mr. Timmons Echols and Miss Florence McMichael spent Sunday with the family of Mr. R. B. Elliott at Cottonwood.

Miss Dollie Elliott is at Cottonwood.

Mr. Tony Dyess was on the prairie Thursday.

Mrs. Harvey Payne with her son and daughter is visiting friends and relatives near Edge.

Newsboy.

Homeseekers Excursion.

On July 2d and 16th, August 6th and 20th, and September 3rd and 17th the H. & T. C. R. R. will sell from all stations, round trip Homeseekers' tickets to all points in California, at rate of one first-class limited fare, plus \$2. The going transit limit on these tickets will be fifteen days, and the final limit leaving destination twenty-one days from date of sale.

This line is equipped with first-class sleepers and free chair cars to Houston, making direct connection with the Southern Pacific Sunset Route for California, which operates through excursion sleepers.

In addition to this, through sleepers are operated between Houston and Denver, via the Ft. Worth and Denver Road, from which point connections are made with trains for California.

WORLEY
PROPRIETOR.

WILL BE NON-UNION.

Threats Made to Start Them With
Non-Union Men As in the Past.

TROUBLE EXPECTED.

President Shaffer Still Hopeful—Money
Pledged by The Federation of
Labor to Help the Strikers
Win the Fight Now On.

Pittsburg, July 17.—The threat of District Manager Persifer F. Smith, of the American Sheet Steel company to start the Wellsville Rolling mill and operate it as in the past by non-union men was only a new feature in the strike situation and all eyes interested were turned to that plant. Up to 10 o'clock, however, nothing had been heard from Wellsville by those in authority at headquarters of the Amalgamated association in this city. They refused to believe the Wellsville mill had started up and said they had every reason to believe the plant had shut down and would remain so in spite of the efforts of Smith. He gave orders for the mill to start, and in response to the order about 30 men went out to work, two of them members of the Amalgamated association. The manager of the mill contended that 30 men was not sufficient to man the crews and the attempt for the present has been abandoned. It is said that non-union men from other places would be brought to Wellsville, in which case serious trouble is feared.

Now that Smith has declared himself it is thought the managers of other non-union plants will make an effort to resume also within a few days and developments of an exciting nature can be expected.

President Shaffer is still hopeful of an early settlement of the strike. The information received from strike centers is quite meagre. This he interpreted to mean the strike was going on well. Nothing further has been done in reference to the issuance of a strike call to the Amalgamated men in the mills of the United States Steel corporation, outside of the three companies, against which the fight is now directed, is still an uncertain quantity. President Shaffer, said he would issue an order only when it becomes necessary. It is evidently the purpose of the association to confine the fight for the present to the three companies now involved.

National Organizer Thomas H. Flynn of the American Federation of Labor, came to Pittsburg from Washington, and after a consultation with the officials of the Amalgamated association pledged the support of the Federation in the strike. In an interview Flynn said the Federation had a membership of 2,000,000 and could make an assessment when any of the organizations affiliated with it were in need of assistance. He said he had just settled a strike of 4000 tube and iron workers at Reading and these men announced they would contribute \$1 a week each. All members could not afford this, but an assessment of five cents each would yield \$100,000 and would not be missed by the members.

COST OF THE STRIKE.

It Amounts to Thousands of Dollars to the Three Companies Involved.

Pittsburg, July 17.—According to figures compiled by the Pittsburg Dispatch, the steel strike is daily costing the three companies involved \$210,000 and workmen \$156,000. It is estimated that in the daily loss of nearly 23,000 boxes of tin plate a day, the American Tin Plate company daily losing over \$90,000, while the loss to canning companies unable to secure their material is enormous in addition. The loss to gas stove manufacturers is also great as the mills closed, which make a specialty of stove iron. This is a heavy season for making stoves. About 2000 or 2500 tons of steel hoops, bands and cotton ties being lost daily by the American Steel Hoop company, by the season strike and this represents a daily loss of \$70,000. In addition to all of these losses many and varied industries are crippled now and in prospect represent losses to men of large sums that cannot be computed now. The amalgamated men are said to have fund of over \$200,000 with which keep the strike going and many amalgamated men employed in the various mills still operating will go a great way toward keeping the sinews of war in good condition.

Cessation of Mining Operations.

Scranton, Pa., July 17.—There was almost a complete cessation of mining operations here in the Lackawanna valley because of strike of stationary firemen.

Refuse Non-Union Steel.

Elwood, Ind., July 17.—The Tin Plate Workers' Protective Association will refuse to work plates in any of the steel trust mills made or sheared by non-union

men.
Money to Wholesale Shoe Trade.
Vienna, July 17.—Deputy Bauman has been commissioned by representatives of the boot and shoe trade to question The Statthalter in lower Austrian diet as to what that body intends to do with regard to the threatened invasion of the Vienna market by an American syndicate. Local boot and shoe men consider American competition a menace to the very existence of the whole local industry.

FALSE REPORT.

There Was No Collision at Wybark, Ark., As Reported From Parsons, Kas.

St. Louis, July 16.—A statement if furnished to the Associated Press by the office of the general manager of the Missouri, Kansas and Texas in this city that a dispatch published under date of Parsons, Kas., giving an account of a railroad collision on a bridge crossing the Arkansas river near Wybark, Ark., and stating that five men were killed and three seriously injured, and that the trains and bridge were destroyed by fire most grossly exaggerated the affair. The Missouri, Kansas and Texas officials allege and they show official reports to prove that the accident was simply a collision between a local freight and a repair train on a bridge, as stated, that an engine and seven cars were derailed, one span of the bridge was badly damaged and that Engineer Morris and an unknown colored tramp were slightly injured.

HEAVY REGISTRATION.

The Rush Continues and More Men Will Have to Be Put on the Force.

Washington, July 17.—The telegraph report from Assistant Commissioner Richards of the general land office on the progress of the Oklahoma registration, says:

"Registered at El Reno today, 10,976. If the rush continues it will compel us to put on more men. Everything working smoothly here. The commanding officer, Major Scott, and all the officers are co-operating most heartily with our men and are contributing materially to the perfect order which prevails here."

"Lawton registered 2370 Monday. Total here and here to Monday night 43,134."

Secretary Hitchcock has sent Assistant Commissioner Richards a telegram of thanks for the prompt and efficient work of himself and staff since the registration began.

Three Men Killed.

Atoka, I. T., July 17.—Near Wapanucka, I. T., an explosion occurred in which three men lost their lives and four others were badly wounded. They were working on the Choctaw, Oklahoma and Gulf railroad extension when a charge of dynamite was prematurely exploded. Two of the wounded men were brought here.

Negroes Hang a Negro

Montgomery, Ala., July 17.—A mob of negroes at Cortland hanged Alex Herman, a negro, who was charged with killing Sallie Swoope. When the officers took Herman to the train to be taken to Tusculum the negroes held the train, took the prisoner off and hanged him, afterwards riddling his body with bullets. Herman made a confession.

Schwab Has a Conference.

New York, July 17.—President C. M. Schwab of the United States Steel company and other officials of the company nowhere declined to publicly discuss the strike situation. Schwab has been in conference with J. P. Morgan and others, but no hint of their attitude or conclusions has been given to the public.

Corbin and Sternberg Arrives.

Manila, July 17.—The United States army transport Hancock has arrived here with Adjutant General H. C. Corbin and Surgeon General George M. Sternberg on board. The Hancock made the record trip from San Francisco in 21 days.

Mosby's New Office.

Washington, July 17.—Colonel John S. Mosby, a Confederate leader during the civil war, has been appointed a special agent of the general land office. He claims his present residence in California. He has been assigned to duty in Nebraska.

All Three Hanged.

Helena, Mont., July 17.—A posse organized at Big Sandy to capture three alleged horse thieves, "Bucking Bill," Fred Commo and Pete Walter, has received word that the three were hanged by another posse Saturday on the Missouri river near Judith.

Severe Hail Storm.

Muskogee, I. T., July 17.—A severe hail storm three miles north of Muskogee Monday night killed some stock and completely destroyed crops for a considerable distance over a stretch a mile wide. Heavy rains fell over the Creek and Cherokee Nations, generally saving crops.

Mines Tied Up.

Wilkesbarre, Pa., June 17.—The strike of stationary firemen inaugurated here has tied up nearly all the mines in the

Wyoming valley and conservative estimates places the number of men idle at 43,000.

To Sink Five Wells.

St. Jo, Tex., July 17.—C. H. Watt, representing West Virginia capitalists, has closed a contract to sink five oil wells in the St. Jo oil district. The same company will also develop the asphalt deposits here.

Rain in Missouri.

Kansas City, July 17.—Rain fell over an area of 80 miles around Kansas City and reports from different parts of the southwest indicate thunderstorms and lower temperature during the day.

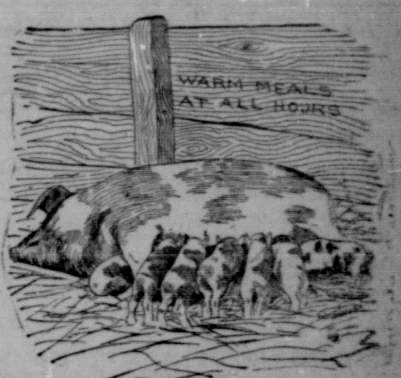

Rain in Nebraska.

Omaha, July 17.—Eastern Nebraska and Western Iowa received an inch or more of rain which began falling at 2 o'clock.

Packing Plant Destroyed.

Wichita, Kas., July 17.—The packing plant of Jacob Dodd & Sons was totally destroyed by fire here. Loss \$100,000.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

THURSDAY, JULY 18, 1901.

Navasota is improving the sidewalks on the business streets.

A famous Chicago dramatic critic has married a bell boy from Texas. Now we guess he'll come when she rings for him.

Towne, the tail of one of the numerous presidential tickets last year, predicts that the democrats will split in 1904. Not seriously, it is hoped and believed.

Next month there is to be a grand Confederate reunion in Madison county, and it would be a ten strike for a large delegation of Navasotans to attend. They could sing the praises of Navasota as a trading point and make people feel like they knew the old town, thus when fall commerce begins to flow, it would come this way.—Navasota Examiner.

Bryan has been attending these reunions and making "ten strikes" for years. She has also been building roads and bridges for the people to come here to do their trading. She has been treating them right after they got here, and they are pleased with the result—they come by the hundreds and prove it.

Competitive Examination.

The competitive examination for scholarship in the Sam Houston Normal, which will be held at the court house in Bryan on the 26th day of July, 1901, between the hours of 9 a. m. and 7 p. m., will include the following subjects: Spelling, Reading, Writing, Arithmetic, Geography, English Grammar, English Composition U. S. History and Elementary Algebra as far as quadratic equations. Signed

A BURNING BRIDGE.

A Train Dashes Into One and Five Cars
Go Into the River.

Mena, Ark., July 17.—Monday night about 12 o'clock a freight train on the Kansas City Southern ran into a burning bridge about two miles south of Poteau. The tender of the engine and five cars went through the bridge, the engine proper making a dash across the burnt section and stopped a few feet further off the track and crossways of the bridge. The bridge is located around a sharp curve which prevented Engineer Rouser from seeing the burning bridge before he was right on it. The engineer, fireman and two brakemen jumped from the engine just as they approached the bridge and all received more or less injuries. Engineer Rouser's left leg was broken at the ankle in striking one of the stringers on the bridge. It is supposed the bridge caught fire from the woods which have been burning for several days.

KILLED BY A NEGRO.

Manager of a Plantation Shot Because
He Told the Negro to Go to Work.

Cleveland, Miss., July 17.—Lucius Reed, manager of the W. L. Fearman plantation, was shot and killed by Chas. Phillips, a negro, employed on the plantation. Reed met Phillips eating at a lunch stand during the morning and told him he should be at work. Words passed between the two men and Phillips shot Reed twice, one ball passing through the heart. Phillips escaped, and it is believed he is in hiding in the canebrakes near here. The citizens are highly wrought up over the killing and if the negro is captured it is believed that he will be lynched. Poses with bloodhounds are searching for the fugitive. Reed came here from North Carolina and stood well in the community.

Tobacco Package Ruling.

Washington, July 17.—The internal revenue bureau of the treasury department has authorized manufacturers of tobacco to put their product in packages smaller than the 1-pound package, and has framed regulations for their stamping. The new regulations permit of packages of wood, paper or pasteboard, but requires that they shall be submitted for approval by the bureau before they are placed on the market.

Fan Hatched the Eggs.

Paris, Tex., July 17.—A grocery firm purchased a lot of supposed fresh eggs from a country peddler last Saturday morning. Saturday night they had five or six dozen left, which were put in a bucket and placed under an electric fan to keep them cool and prevent them from becoming addled. The fan ran all day Sunday and didn't stop a minute. Monday morning when the store was opened up two little chicks were chirping as lively as crickets in the bucket of eggs and another egg was pipped. Other eggs hatched during the day.

First Time in History.

Mineral Wells, Tex., July 17.—For the first time in the town's history a burglar has been in Mineral Wells. He was here and went through the house of Mrs. M. J. Burke, getting over \$400 worth of jewelry and about \$20 in cash. Mineral Wells is not accustomed to burglaries, and its citizens, in consequence, are much wrought up.

Convicted of Card Playing.

Corsicana, Tex., July 17.—Four boys, about 13 years of age, were arrested and tried on a charge of playing cards in the Collin street school building, the janitor of that institution making the complaint. The boys were found guilty and the fines and costs amounting to \$20.80 in each case, were paid by their parents.

Found Dead.

Dallas, July 17.—An unknown man about 25 years of age was found dead in his room, death having evidently resulted several hours previously. Deceased was said to be a Swede and is believed to have been in Dallas only a few months. Several addresses were found in his letters which indicated he had friends here.

Oil in Comal County.

Austin, Tex., July 17.—Word has reached here of the discovery of oil of good quality in a well that was being bored in Comal county. The oil was struck at a depth of about 400 feet, and the strike is said to have caused considerable stir in that locality.

An Interesting Relic.

Austin, July 17.—An old citizen of Texas, who desires that his name not be published, has donated to the state library a letter copying press of ancient make. It was brought to Texas in the 50s by the French minister to the Texas republic.

Vote at Kaufman.

Kaufman, Tex., July 17.—The correct vote in the congressional election here was as follows: North Kaufman—Wooten 73, Lindsay 3. South Kaufman—Wooten 165, Lindsay 7. Total—Wooten 237, Lindsay 16.

Riot Cases Postponed.

Greenville, Tex., July 17.—The riot cases against the six Farmersville men who are charged with assaulting Editor Dial were postponed until the September term of court.

Case Was Dismissed.

McKinney, Tex., July 17.—The county has dismissed the case Lam Hall charged with matricide.

Killed by Lightning.

Columbia, S. C., July 17.—Henry Davenport and Ezell Harvey two well known farmers living near Williamsport, S. C., were killed by lightning. Both leave large families.

THE FOURTH IN JAPAN.

Yokohama Was Turned Into An American City by the Japanese.

Yokohama, July 5, via Victoria, B.C., July 17.—The celebration of the Fourth of July Thursday transformed Yokohama into a veritable American town, and the scene at noon when the warships in the harbor joined in the salute in response to the shore festivities was the most inspiring one. The day closed with a exhibition of fireworks which recently arrived tourists pronounced finer than anything ever seen in America. Conjoined with this effervescence of patriotism the preparations for the great celebration of the Fourteenth when the monument to commemorate Commodore Perry's landing is to be dedicated are proceeding upon a magnificent scale.

The emperor made a magnificent contribution from his private purse and the occasion will testify in many ways to the highest appreciation in which the Americans are held in Japan. The celebration is to be held under the auspices of the Japanese-American friendly association of which Baron Kane is president. The number of invited guests is so great that one of the largest steamers of the Japanese Mail Steamship company has been chartered to take them to Kurihama, where the ceremonies are to take place. It will be accompanied by the entire squadron and the fleet of warships which have assembled for the purpose.

The honors to be paid on the expected arrival of General MacArthur from the Philippines will at least equal those recently accorded to Field Marshal von Waldersee and everything possible will be done to testify to the genuine respect and affection in which the empire holds the American republic.

The notable feature of the time is the influx of Filipinos who are now arriving in large and increasing numbers. They are mostly of the better class and seem to be coming for the educational advantages which Japan affords. Already they are winning high praise for their general behavior and their eagerness to learn.

Another sign of the times is movement on foot for the general teaching of Russian language in the empire. It is felt that events are rapidly shaping themselves to bring Russia into closer contact with all national and commercial relations here, it being recognized that the northern power is to be the most important factor in oriental politics and trade.

The growth of the Jiji Shimpō the leading journal of the metropolis well illustrates how thoroughly western, especially Americans ideas are dominating the country. The special editions of the papers on special occasions and holidays rival the leading journals of New York. The latest enterprise inaugurated by it is the adoption of the "fresh air fund" movement and numbers of children from the streets of the capital are now being sent into the country for outings of a week or more. The movement is attracting much attention and will doubtless be emulated by many other metropolitan journals.

Telephone Organization.

Fort Worth, Tex., July 17.—Representatives of 17 independent telephone companies and exchanges in Texas, Indian Territory and Oklahoma met here and formed a permanent organization. Ed Nims of Roff, I. T., is president; O. C. Obetz of Corsicana, Tex., is secretary. The convention determined that all independent telephone exchanges and companies within the territory named were eligible to membership. The session was devoted to the discussion of the telephone situation in Texas, Oklahoma and Indian Territory and the extension to the stock ranch region.

Injunction Granted.

Austin, July 17.—Attorney General Bell, in behalf of the state, has filed suit in the district court here against the Pacific Express company for a permanent injunction restraining the company from doing business in Texas on the grounds of failure of the Pacific Express company to renew their permit for 1901, being a foreign corporation. The case is set for hearing July 21. A temporary injunction was granted by the court enjoining the company from doing business in Texas pending the hearing of the case.

Drouth Still Continues.

Dallas, July 17.—No change in the drouth situation. No rain in Texas on Tuesday night or Wednesday. Hot winds continue. Reports from northern part of Dallas county state that destructive insects are attacking the cotton fields there. Several counties west of the Brazos river along the line of the Texas & Pacific railway report that not more than a half crop of cotton will be made in that section.

Safe Robbed.

Fort Worth, Tex., July 17.—Robbers cracked the safe of the postoffice building, in Jack county, Tuesday night. Quite a sum of money and valuable papers were stolen. The robbers used dynamite and badly wrecked part of the building. The deputy United States marshal's office was notified of the facts given. No clue to perpetrators.

Dying from Lack of Water.

Gainesville, Tex., July 17.—Prominent cattlemen who were in Gainesville from the Indian Territory state that the cattle were dying from lack of water.

Showers in Nebraska.

Omaha, July 17.—Showers were reported Tuesday and Tuesday night in the South Platt district, breaking a protracted drouth in that section. Eight other counties in central Nebraska report a fairly good rainfall.

BENSON SCHOOL HOUSE.

Benson School House, July 16.—Health in this community is good at present.

T. J. Sawyer and J. D. Jones started for Huntsville Monday to purchase wagons and intend to come back by the saw mill and get some lumber.

A. P. Todd visited relatives at Rock Prairie Sunday.

Miss Mamie Todd returned Sunday from a weeks visit at Rock Prairie.

Mrs. Minnie Barron of Rock Prairie is visiting here this week. Walter and Dee Cargill and Luther Holligan attended the musical at the residence of Mr. Jim Mathis of Reliance Saturday night and report a pleasant time.

There was preaching here Sunday morning and singing in the evening.

The Literary society will meet Saturday night July 20, with an interesting program consisting of reading, recitations, vocal and instrumental music and dialogues.

A good rain fell here Thursday which was a benefit to the cotton. Cotton and corn are both better here this year than last.

Sly Jim.

EDGE.

Edge, July 14.—Mrs. Eliza Elliott and daughter Dora are visiting relatives at Cottonwood.

Mrs. Sallie Murphy is visiting her daughter, Mrs. Rachel Carter.

Mr. and Mrs. Sam Seale spent part of last week with Mr. Leathers' family.

Misses Edge and Fayne were in our community yesterday en route to Kurten.

Mr. and Mrs. R. Nash, Mr. Timmons Echols and Miss Florence McMichael spent Sunday with the family of Mr. R. B. Elliott at Cottonwood.

Miss Dollie Elliott is at Cottonwood.

Mr. Tony Dyess was on the prairie Thursday.

Mrs. Harvey Payne with her son and daughter is visiting friends and relatives near Edge.
